

# NuFact 2018, 20th workshop on neutrinos from accelerators

## Friday, August 17, 2018

### WG4 - 110A (4:30 PM - 6:00 PM)

| time    | [id] title  | presenter         |
|---------|---|-------------------|
| 4:30 PM | [119] Searches for Electric Dipole Moments (EDM) at a Storage Ring with JEDI  | ZUREK, Maria      |
| 4:55 PM | [120] Distinguishing muon LFV effective couplings using $\mu + e \rightarrow e + e$                                   | SATO, Joe         |
| 5:20 PM | [121] Searches for heavy neutral lepton production and lepton flavour violation in kaon decays at the NA62 experiment | Mr TRILOV, Stoyan |
